

NATURE'S ARMY

DRAIN DIGESTANT - WASTE ELIMINATOR

Nature's Army is specifically formulated for waste digestion, containing the necessary specific enzyme systems from both aerobic and anaerobic bacteria to digest chemical organic waste with no odor or noxious gas.

Powerful and versatile with the following enzymes:

LIPASE - Breaks down grease and fats

PROTEASE - Breaks down proteins

CELLULOSE - Breaks down cellulose

AMYLASE - Breaks down carbs & starches

- Prevents grease from entering City Sewer System
- Breaks down a wide range of materials, such as:
 - Vegetable, soy, canola and olive oil
 - Solid fats like lard, tallow and butter
 - Starch, proteins and cellulose

USES

Wet wells and
wastewater piping

Municipal wastewater
plants with grease
problems

Industrial wastewater
treatment, especially in
the food industry

Contains no emulsifying surfactants
Safe for users and the environment
Available in drums, pails and cases
